BINDURA UNIVERSITY OF SCIENCE EDUCATION

2027 FEBRUARY/AUGUST INTAKE UNDERGRADUATE AND POSTGRADUATE ENROLMENT.

Bindura University of Science Education Invites suitably qualified individuals to apply for the following programmes;

ENTRY REQUIREMENTS

Candidates who apply for Undergraduate Degree programmes should have **the specified 'A' Level** subjects and at least **5 'O' Level subjects** including **English Language** and **Mathematics** unless indicated otherwise. Mature entry will be considered for candidates who are at least 25 years of age and have proven relevant work experience. Special entry will be accorded to candidates with relevant diplomas and work experience. For further details pertaining to **ENTRY REQUIREMENTS** kindly refer to the General Academic Regulations as per the Prospectus on the University Website: (www.buse.ac.zw).

English Language Bridging Course (EBC)

The University accept candidates who have relevant "A" Level qualifications even without English Language. Those candidates will be required to pass "O" Level English Language before going on Industrial Attachment/Teaching Practice or final year of study, whichever comes first.

Candidates who wish to be considered through the English Language Bridging Course (EBC) should indicate 'EBC' on top of first page of their application form.

Mathematics Bridging Course (MBC)

The University also accepts candidates who have the relevant "A" Level subjects and have attempted Mathematics at "O" Level but have not yet passed the subject. Those candidates will be required to pass a **Mathematics Bridging Course** offered by the University before commencing studies and pass the "O" Level Mathematics before proceeding to their Industrial Attachment/Teaching Practice or Final year of study, which-ever comes first.

Candidates who wish to be considered through the Mathematics Bridging Course (MBC) should indicate 'MBC' on top of first page of their application form.

Programmes for which applicants can apply for entry through EBC and MBC:

1. **Faculty of Agriculture and Natural Resources**
   All programmes except the Bachelor of Science Honours Degree in Agricultural Economics and Management.
2. **Faculty of Commerce**
   All programmes.
3. **Faculty of Science**
   Bachelor of Science Honours Degree in Sports Science and Management
   Bachelor of Science Honours Degree in Development Studies (HBSc.DG)
   Bachelor of Science Honours Degree in Safety, Health and Environmental Management. (BSc.SHEM)

Applicants who are differently abled are encouraged to apply. On – campus accommodation will be provided to support access and inclusion.

FACULTY OF SCIENCE EDUCATION **Phone +263782708531/+263772932567**

To gain entry into the Bachelor of Science Education Honours Degrees, Primary Level school teachers undergo a six months bridging course in their area of specialisation (Biology, Chemistry, Mathematics, Physics and Geography).

Programme	Entry Requirements	Career Prospects
Diploma in Science Education - Mathematics and Geography **(Dip.ScEdMG)** **Full Time: 3 years**	**Normal Entry** Have passed five 'O' levels subjects including a Science subject, Mathematics, Geography and English Language.	• Teachers of Mathematics or Geography • Education Officers in Mathematics or Geography • Subject Managers in Mathematics or Geography • Aero-science Lab Technicians.
Diploma in Science Education – Sciences **(Dip.ScEdSc)** **Full Time : 3 years**	**Normal Entry** Have passed five 'O' Level subjects including English Language, Mathematics and a Science subject with Biology, Physics and Chemistry components	• Combined Science/ Biology, Chemistry/ Physics Secondary Level Teachers , • Entrepreneurial prospects of establishing own schools, • Consultancy • Industrial Training Officers, • Science Laboratory Technicians,
Bachelor of Science Education Honours Degree- Computer Science **(BScEdHCSc)** **(Pre-service)** **Full Time : 4 years** **(Conventional or Online)**	**Normal Entry** Have 5 passes at 'O' Level including English Language and Mathematics or their equivalents. A Pass in 'A' Level Computer Science / Mathematics and any 'A' Level subject or their equivalents.	Careers in the Education sector as: • Computer Science teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook Reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, • Examiners, Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.
Bachelor of Science Education Honours Degree- Geography **(BScEdHGg)** **(Pre-service)** **Full Time : 4 years** **(Conventional or Online)**	**Normal Entry** For admission to this undergraduate programme, a prospective student must satisfy the Entry Regulations specified in the General Regulations and must have: Have 5 passes at 'O' Level including English Language and Mathematics or their equivalents. A Pass in 'A' Level Geography and any other 'A' Level subject or their equivalents. **Mature Entry** Candidates older than 25 years can be admitted if they have 5 'O' levels including Mathematics and English and a	Careers in the Education sector as: • Geography Teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook Reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, • Examiners, Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.

	Science subject and must satisfy a panel selected by faculty	
Bachelor of Science Education Honours Degree in Mathematics **(BScEdHMt)** **(Pre-service)** **(Conventional or Online)** **Full Time: 4 years**	**Normal Entry** Have passed 5 'O' Level subjects including Science, English Language and Mathematics or their equivalents. A pass in 'A' Level Mathematics and any other 'A' Level subject or their equivalents.	Careers in the education sector as: • Mathematics teachers, • Project Managers, • Item Writers, • Subject Managers, • Education Officers, • O-level and A-level examiners, • Lecturers, • Researchers.
Bachelor of Science Education Honours Degree in Chemistry **(BScEdHCh)** **(Pre-service)** **Full Time: 4 years** **(Conventional or Online)**	**Normal Entry** Have passed 5 'O' Level subjects including Science, English Language and Mathematics or their equivalents. A pass in 'A' Level Chemistry and any other 'A' Level subject or their equivalents.	Careers in the education sector as: • Chemistry teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, • Examiners, • Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.
Bachelor of Science Education Honours Degree in Physics **(BScEdHPh)** **(Pre-service)** **Full Time: 4 years** **(Conventional or Online)**	**Normal Entry** Have passed 5 'O' Level subjects including Science, English Language and Mathematics or their equivalents. A pass in 'A' Level Physics and any other 'A' Level subject or their equivalents.	Careers in the Education sector as: • Physics teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, • Examiners, • Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers
Bachelor of Science Education Honours Degree in Biology **(BScEdHBz)** **(Pre-service)** **Full Time: 4 years** **(Conventional or Online)**	**Normal Entry** Have passed 5 'O' Level subject including Science, English Language and Mathematics or their equivalents. A Pass in 'A' Level Biology and any other 'A' Level subject or their equivalents	Careers in the Education sector as: • Biology Teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook reviewers, • Textbook and Module Writers, • Education Researchers, School Heads, • Examiners, • Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.

Bachelor of Science Education Honours Degree in Physics **(HBScEdPh)** **(In –service)** **Block Release: 2 years**	**Normal Entry** Have passed 5 'O' Level subjects including English and Mathematics. Certificate in Education/Diploma in Education (Secondary or primary Level) or a teaching qualification from a recognised institution where Physics subject was strongly represented. **Special Entry** Those with a primary level qualification in the Main Subject Physics, will undergo six months Physics Bridging Course prior to the programme	Careers in the Education sector as: • Agriculture teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, Examiners, • Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.
Bachelor of Science Education Honours Degree in Mathematics **(HBScEdMt)** **(In –service)** **Block Release or Online: 2 years**	**Normal Entry** 5 passes at 'O' Level including English and Mathematics. Certificate in Education/Diploma in Education (Secondary or primary Level) or a teaching qualification from a recognised institution where Mathematics subject was strongly represented. **Special Entry** Those with a primary level qualification in the Main Subject Mathematics, will undergo six months Mathematics Bridging Course prior to the programme	Careers in the Education sector as: • Physics teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, • Examiners, • Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.
Bachelor of Science Education Honours Degree in Biology **(HBScEdBz)** **(In –service)** **Block Release or Online: 2 years**	**Normal Entry** 5 passes at 'O' Level including English and Mathematics. Certificate in Education/Diploma in Education (Secondary or primary Level) or a teaching qualification from a recognised institution where Biology subject was strongly represented. **Special Entry** Those with a primary level qualification in the Main Subject Biology / Environmental Science, will undergo six months Biology Bridging Course prior to the programme	Careers in the Education sector as: • Mathematics teachers, • Project Managers, • Item Writers, • Subject Managers, • Education Officers, O-level and A-level • examiners, • Lecturers, • Researchers.

Bachelor of Science Education Honours Degree in Geography **(HBScEdGg)** **(In –service)** **Block Release or Online: 2 years**	**Normal Entry** 5 passes at 'O' Level including English and Mathematics Certificate in Education/Diploma in Education (Secondary or primary Level) or a teaching qualification from a recognised institution where Geography subject was strongly represented	Careers in the Education sector as: • Biology Teachers, • College Lecturers, • Educational Consultants • Academic Counsellors • Curriculum and Textbook Reviewers • Textbook and Module Writers • Education Researchers • School Heads • Examiners, Item Writers • Subject Managers • Industrial Training Officers • Education Officers.
Bachelor of Science Education Honours Degree in Chemistry. **(HBScEdCh)** **(In –service)** **Block Release or Online: 2 years**	**Normal Entry** 5 passes at 'O' Level including English and Mathematics. Certificate in Education/ Diploma in Education (Secondary or Primary Level) or a teaching qualification from a recognised institution where Chemistry subject was strongly represented. **Special Entry** Those with a primary level qualification in the Main Subject Chemistry, will undergo six months Chemistry Bridging Course prior to the programme.	Careers in the Education sector as: • Geography Teachers • College Lecturers • Educational Consultants • Academic Counsellors • Curriculum and Textbook Reviewers • Textbook and Module Writers • Education Researchers • School Heads • Examiners • Item Writers • Subject Managers, • Industrial Training Officers, • Education Officers.
Bachelor of Science Education Honours Degree in Computer Science **(HBScEdCSc)** **(In –service)** **Block Release or Online: 2 years**	**Normal Entry** 5 passes at 'O' Level including English and Mathematics. Certificate in Education/Diploma in Education (Secondary) or a teaching qualification from a recognised institution where Computer Science subject was strongly represented.	Careers in the Education sector as: • Chemistry teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook Reviewers, • Textbook and Module Writers, • Education Researchers, • School Heads, Examiners, Item Writers, • Subject Managers, • Industrial Training Officers, • Education Officers.
Bachelor of Science Education Honours Degree-Agriculture **(HBScEdAg)** **(In –service)** **Block Release: 2 years**	**Normal Entry** Have passed 5 'O' Level subjects including English and Mathematics. Certificate in Education/Diploma in Education (Secondary Level) or a teaching qualification from a recognised institution where Agriculture subject was strongly represented.	Careers in the Education sector as: • O' and 'A' level Agriculture teachers, • College Lecturers, • Educational Consultants, • Academic Counsellors, • Curriculum and Textbook Reviewers, • Module Writers

FACULTY OF SCIENCE Phone +263772773142		
Programme	**Entry Requirements**	**Career Prospects**
Diploma in Science and Technology **(DSTECH)** **Full Time: 1 ½ years**	**Normal Entry** Zimbabwean or equivalent school-leaving certificate with at least five 'O' Level passes, including Mathematics, English and Science, is required. A-Level (or equivalent) credentials in STEM subjects may allow advanced placement or exemption of introductory modules. **Special Entry** Applicants holding relevant national certificates or diplomas from recognised institutions may be considered for special entry or advanced standing. Each application will be assessed individually based on the relevance and academic rigour of their prior qualifications. **Mature Entry** Consideration for mature entry may be given to applicants who do not meet the standard academic requirements but possess relevant work experience and demonstrate the potential to succeed in the programme. Such applicants must: • Be at least 25 years of age by the start of the academic year. • Provide evidence of at least five (5) years of relevant work experience in a science, technology, or related field. • Pass a special entrance examination and/or an interview designed to assess their aptitude, foundational knowledge, and motivation for the program.	The DSTECH graduates will be equipped to enter diverse employment sectors experiencing critical skills shortages in Zimbabwe. Key employment opportunities include: • Data Analyst positions in financial institutions, research organisations, and government departments. • Junior Programmer/Software Developer roles in IT companies and technology start-ups. • Technology Support Specialists in corporate IT departments • Laboratory Technicians in scientific research and industrial settings • Data Management Officers in healthcare, agriculture, and environmental sectors • Junior AI Specialists in organisations implementing emerging technologies • Technical Sales Representatives for technology products and services • Quality Assurance Technicians in manufacturing and production facilities
Executive Sports Management Development Programme **(Dip.SMDP)** **Online** **1 year**	**Normal Entry** At least five (5) subjects at Ordinary Level including English Language or their equivalent or a traceable record of elite sport participation or at least two years of sport managerial experience.	• Fitness Trainers; Sports Nutritionists • Sports Managers; Sports Marketers • Sports Facilities Managers • Sports Entrepreneurs.

Bachelor of Science Honours Degree in Development Studies **(HBSc.DG)** **Fulltime: 4 years**	**Normal Entry:** Have obtained two passes in 'A' Level subjects or their recognized equivalents; Have 5 'O' Level passes including Geography, English Language, and Mathematics passed with at least a grade C. **Bridging Course will be offered to those without 'O' Level Mathematics.**	• Development Agents • Development Practitioners • Policy Planners • Weather Forecasters • Environmentalists
Bachelor of Science Honours Degree in Network Engineering **(HBScNWE)** **Fulltime: 4 years**	For all entry pathways candidates must have at least five 'O' Level subjects/ National Foundation Certificates including English Language, Mathematics and a Science subject at grade C or better. **Normal Entry:** A minimum of two 'A' Level passes in either Mathematics, Computer Science/Computing and any one of the following subjects Physics, Accounting, Economics, Management of Business/Business Studies, Biology, Chemistry or any other relevant subject. **Special Entry:** Special entry may be granted to applicants with a National Diploma in Computer Science/Information Technology or any related field from a recognized institution. Mature Entry: Should be at least 23 years old AND have at least 2 years' relevant industrial experience	• Network engineers • Network specialists • Network engineers support • Network administrators • Network Manager • ICT Manager • IT Director
Bachelor of Science Honours Degree in Software Engineering **(HBScSWE)** **Fulltime: 4 years**	**Normal Entry:** Students should have a pass in either 'A' Level Mathematics, Computer Science/Computing and any one of the following 'A' Level subjects Physics, Accounting, Economics, Management of Business/Business Studies, Biology, Chemistry or any other relevant subject, and At least 5 'O' Levels including Mathematics and English Language with a Grade C or better. **Special Entry** will be granted to Candidates without 'A' Levels but are holders of the HEXCO National Diploma in Computer Studies or Information	• Applications Developer • Web Developer • Mobile Developer applications • Software Engineer • Software Architect • Software Designer • Software Engineer/Analyst • Software Engineer Quality Testing • Software Configuration Manager • Cyber Security • Multimedia programmer • Games developer applications • Web designer • Machine engineer • Data analyst • IT Managers learning • Project Managers

	Technology or their equivalent from a recognized institution. **Mature Entry** will be granted to candidates at least 23 years old AND have at least 2 years relevant industrial experience.	
Bachelor of Science Honours Degree in Nursing Science (Nursing Education) **(HBScNsE)** **(August Intake ONLY)**	**Normal Entry:** At least 5 `O` Level passes including English Language and a Science subject with a Grade C or better, a Diploma in General Nursing; Registration with the Nurses' Council of Zimbabwe or equivalent. Current Practicing Certificate. At least 2 years post qualification working experience.	• Nurse Tutors in government and private sector • Clinical Instructors
Bachelor of Science Honours Degree in Statistics and Financial Mathematics **(HBScSFM)** **Fulltime: 4 years**	**Normal Entry:** At least five (5) 'O' Levels Mathematics, English Language and a Science or Commercial subject/ National Foundation Certificates with grade C or better and At least two (2) 'A' Level passes in the following subjects: Mathematics or Statistics and any one of Physics, Computer Science, Management of Business, Economics and Accounting OR relevant National Certificate. **Special Entry:** At least five (5) 'O' Level subjects including English Language and Mathematics and a Diploma in Statistics or Financial Mathematics, Financial Engineering, Economics, Accounting or Operations Research.	• Business analysts • Statisticians • Data scientists • Benefits analysts • Risk analysts • Monitoring and Evaluation • Strategic Information Analysts • Employee benefits analysts • Lecturing
Bachelor of Science Honours Degree in Applied Mathematics **(HBScAMT)** **Fulltime: 4 years**	**Normal Entry:** At least two (2) 'A' Level passes including Mathematics or its recognized equivalent (Mechanics, Statistics, Pure Mathematics) plus at least Ordinary Level passes/ National Foundation Certificates including Mathematics and English Language OR relevant National Certificate. **Special Entry:** At least five (5) Levels including English Language and	• Business analysts • Employee benefits analysts • Statisticians • Data scientists • Benefits analysts • Risk analysts • Monitoring and Evaluation • Strategic Information Analysts • Lecturing

	Mathematics, National Diploma and a Higher National Diploma. **Mature Entry:** At least five (5) 'O' Levels including English Language and Mathematics, should be above 25 years of age plus work experience.	
Bachelor of Science Honours Degree in Disaster Management Sciences **(HBSc.DMSc)** **Fulltime: 4 years**	**Normal Entry:** Have obtained two passes in 'A' Level subjects or their recognized equivalents; Have 5 'O' Level passes including Geography, English Language, and Mathematics passed with at least a grade C.	• Government Departments (as Development Practitioners) • Parastatals & State Enterprises • Non-Governmental Organisations • Local Government • Mining Industries • UN bodies & other institutions related to development.
Bachelor of Science Honours Degree in Optometry **(HBScOpt)** **Fulltime: 4 years** **(August Intake ONLY)**	**Normal Entry:** Have passed 5 'O' Level subjects including Mathematics, English language and Physical Science with at least a grade B or better and any 3 'A' Level passes from the following: Biology, Chemistry, Mathematics and Physics. **Please be advised that all candidates are required to go through a selection process, which may include an interview or a psychometric test. Shortlisted applicants will be notified, and further updates will be provided upon completion of the process. Applicants are encouraged to monitor the official website for announcements.**	• Optometrist -Private Sector • Optometrist- Public Sector • Academia-Teaching and Research • Industry - Manufacturing Optical Equipment
Bachelor of Science Honours Degree in Biotechnology. **(HBScBioTec)** **Fulltime: 4 years**	**Normal Entry:** Have passed 5 'O' Level subjects including Mathematics, Science and English with at least a Grade C and a pass at 'A' Level in Biology and Chemistry and a third subject which could either be Physics or Mathematics. **Special and mature entry** may be considered for holders of a National Diploma (ND) in Biotechnology, or its equivalent plus a minimum of two (2) years relevant post qualification experience, OR Higher National Diploma (HND) in Biotechnology or its equivalent.	• Pharmaceuticals • Food Processors • Bio Scientists

Bachelor of Science Honours Degree in Chemical Technology **(HBScCHT)** **Fulltime: 4 years**	**Normal Entry:** Chemistry and any one of the following subjects at A Level; Mathematics, Physics, Computer Science, Biology, Food Science And at least 5 passes at Ordinary Level Subjects/ National Foundation Certificates inclusive of Mathematics and English. **Special Entry** National Diploma, Higher National Diploma in relevant fields **Mature Entry** Five 'O' Level passes including Mathematics and English plus at least 25 years of age and 5 years of experience in the relevant field.	Carriers in: • Industrial Chemistry, • Environmental Chemistry, • Analytical chemistry • Pharmaceutical chemistry, • Food and Beverages • Agrochemicals Industry • Research Institutions • Academia Positions
Bachelor of Science Honours Degree in Chemistry **(HBScCHEM)** **Fulltime: 4 years**	**Normal Entry** Passes at 'A' Level Chemistry and in any one of the following 'A' Level subjects: Mathematics, Physics, Computer Science, Biology, Physical Science, Agriculture or their recognised equivalent And at least 5 passes at Ordinary Level subjects/ National Foundation Certificates inclusive of Mathematics and English OR National Certificate. **Special Entry** National Diploma, Higher National Diploma in relevant fields. **Mature Entry** Five 'O' Level passes including Mathematics and English plus at least 25 years of age and 5 years' experience in the relevant field.	• Chemist in Water Supply Authorities • Environment Management • Agencies • Production Chemist • Laboratory Manager • Research and Development Chemists or Analytical Chemist
Bachelor of Science Honours Degree in Biological Sciences **(BScBZH)** **Fulltime: 4 year**	**Normal Entry:** Have passed 5 'O' Level subjects including Mathematics, Science and English with at least a Grade C and at least two 'A' Level passes in Science subjects including Biology. **Special entry** for candidates with relevant Diplomas will be considered	• Research Practitioners • Laboratory Technician/Technologist • Environmental Officer • Conservation Officer • Public Health Officer • Biochemist • Biotech Technician

Bachelor of Science Honours Degree in Environmental Physics and Energy Sources. **(HBScEPES)** **Fulltime: 4 years Block Release: 3 years**	**Normal Entry:** Have passed 5 'O' Level subjects including Mathematics and English with at least a Grade C and Two 'A' Level passes including Physics and Mathematics. **Special entry** for candidates with relevant 5 'O' Level passes including English and Mathematics, Diplomas and at least 25 years of age with a minimum of 2 years relevant	• Remote Sensing, • Atmospheric Climate • Modelling, • Pollution Control • Energy Conservation • Renewable Energy • Development • Nuclear Waste Disposal • Site Remediation
Bachelor of Science Honours Degree in Sports Science and Management **(HBScSSM)** **Full Time: 4 years Block Release: 3 years**	**Normal Entry:** Have passed at least five (5) subjects at 'O' Level including English Language and Mathematics and at least two (2) subjects at 'A' Level including Physical Education Sport or Sports Management or Sports Science and Technology and any one of the following: Biology, Chemistry, Physics, Mathematics, Computer Science, Geography, Agriculture, Sociology, Psychology, Management of Business, Economics and Accounting or an Advanced Certificate. **Special Entry:** Diploma in Sport or Physical Education from a recognized Academic Institution or Sports Federation or a record of elite sport participation of least two years.	• Exercise Physiologists • Academic Researchers • Kinesiologists • Biomechanics Practitioners • Physiotherapists; Sport Psychologists • Fitness Trainers; Sports Nutritionists • Sports Managers; Sports Marketers • Sports Facilities Managers • Sports Entrepreneurs.
Bachelor of Science Honours Degree in Computer Science **(HBScCSc)** **Fulltime: 4 years**	For all entry pathways candidates must have at least five 'O' Level subjects/ National Foundation Certificates including English Language, Mathematics and a Science subject at grade C or better. **Normal Entry:** A minimum of 2 'A' Level passes in Mathematics and Physics OR Computer Science OR any other relevant Science subject OR Relevant National Certificate. **Special Entry:** Special entry may be granted to applicants with a National Diploma in Computer Science or any related field from a recognized institution. Mature Entry: Should be at least 23 years old AND should have at least 2 years relevant industrial experience.	• System Programmer • Software Developer • Web Developer, • Network Administrator • Software Tester • IT Manager • Engineering Manager • Database Manager

FACUTY OF ENGINEERING Phone +263773085722		
PROGRAMME	**ENTRY REQUIREMENTS**	**CAREER PROSPECTS**
Bachelor of Science Honours Degree in Mining Engineering **(HBSc.MEG)** **Full Time: 4 years**	**Normal Entry** Candidates must satisfy the Entry Regulations specified in the General Regulations and must also meet the following requirement: Have 5 'O' Level passes including Mathematics, Physical Science and English Language, passed with at least a grade C. Have obtained at least two passes at A Level or their recognized equivalents: one in Mathematics and the other from any one of the following subjects, Chemistry/Physics; Number of points at 'A' level are decided from time to time. **Special Entry** In accordance with the General Regulations. Higher National Diploma in Mining, Higher National Diploma in Metallurgical Assay, Higher National Diploma in Mine Ventilation & amp; Environmental Engineering, Higher National Diploma in Mining, Higher National Diploma in Mine Survey, Higher National Diploma in Mine Geology, Higher National Diploma in Mineral Processing and Extractive Metallurgy from the Zimbabwe School of Mines or Geoscience related fields from an accredited institution plus at least 2 years post qualification experience. Those with qualifications in Electrical or Mechanical engineering may be accepted subject to interviews. **Mature Entry** In accordance with the General Regulations. At least 25 years of age with relevant general qualifications and working experience in the field of Mining or Geosciences. May be subjected to an interview. **Applications will be placed on a waiting list, and shortlisted candidates will be duly notified.**	• Mining and mineral extraction companies (small, medium, and large scale) • Government regulatory bodies (e.g., Geological Survey of Zimbabwe, Ministry of Mines) • Consultancy firms specialising in mining, • geology, or environmental impact assessments • Mining equipment manufacturing and supply firms • University teaching and research roles • Key positions include Mining Engineers, Mine Planners, Geologists, • Resource Estimators, Mining Consultants, Environmental Officers, and Mine Safety • Engineers. Entrepreneurship Prospects: • Graduates are well-equipped to pursue Entrepreneurial ventures within the mining • sector, including: • Establishing small - to medium-scale mining operations • Developing and selling mining-related technologies and innovations • Providing consulting services in areas such as mine planning, sustainability, and Environmental management.

Bachelor of Science Honours Degree in Grain Processing and Milling Engineering **(HBSc.GMEG).** **Full Time: 4 years**	**Normal Entry** 5 "O" level passes with at least a C including Mathematics & English. 2 "A" levels, Mathematics or Physics & any other relevant A Level Science subject. A relevant Diploma can be considered for **Special Entry.**	• Grain Processing & Milling Engineers • Entrepreneurs/Mill Owners • Feed Milling Engineer • Local/ National Government Grain Milling Officer • Production Managers • University Researchers
BSc. Honours Degree in Electronic Engineering **(HBScEE)** **Full Time : 4 years**	**Normal Entry** At least five 'O' Level subjects including English Language, Physical Science or Physics and Mathematics with grade C or better and -: 'A' level passes in Mathematics and Physics and a third relevant science subject **Special Entry** May be granted to applicants with a relevant National Diploma (Electronic Engineering, Computer Engineering, Electric Power Engineering, Control Engineering, Instrumentation or other relevant HEXCO). Two years working experience would be an added advantage. OR A relevant Higher National Diploma or equivalent. One year working experience would be an added advantage.	• Engineers in; electronics, control and Instrumentation, telecommunication, Broadcasting, computer networking • Sound machine learning as designers • Project/Operation Managers • Advisors • Applied scientists • Potential to start won companies in areas such as alarm manufacture, electronic gadgets repair and servicing. • Computer repair/networking and installation
BSc. Honours Degree in Agricultural Engineering **(BSc.AE)** **Full Time: 4 years** **Block Release: 4 years**	**Normal Entry** At least five 'O' Level subjects including English Language, Physical Science or Physics and Mathematics with grade C or better and -: 'A' level passes in Mathematics and Physics and any one science subject as follows: Biology, Agriculture, Geography, Chemistry, Technical Graphics and Food Science **Special Entry** Candidates who hold a National Diploma in Education with specializations in the following: Physics and Mathematics OR candidates who hold a National Diploma in Agriculture, Agricultural Engineering, Civil Engineering, Surveying, Mechanical Engineering or any other relevant Diploma **Mature Entry** At least a National Diploma in Agriculture, Agricultural Engineering, Civil Engineering, Surveying, Mechanical Engineering with relevant experience.	• Engineers in Agriculture • Designers • Advisors and Applied Scientists • Research and Training Institutions • Irrigation, Environmental Consultants • Potential to start own companies in machinery manufacture, servicing, irrigation and agro-processing

FACULTY OF AGRICULTURE AND NATURAL RESOURCES Phone +263716810659/+263774690000		
Programme	**Entry Requirements**	**Career Prospects**
Bachelor of Science Honours Degree in Agricultural Economics and Management. **(BSc.AEM)** **Full Time: 4 years** **Block Release: 3 years** **Kadoma Learning Centre**	**Normal Entry:** Have passed 5 'O' Level subjects including English Language, Mathematics and a Science subject at grade C or better. 'A' level passes in at least two Commercial and/or Science subjects OR a relevant National Certificate. **Special Entry:** Candidates without 'A' levels who hold relevant Diplomas will be considered.	Graduates from this programme an enter careers in: • Research, • Consultancy, • Entrepreneurs, • Banks, • Statistics, • Finance Advisory, • Economic Analysts, • Policy Formulation, • Project Management, • Government Departments (extension workers, land officers, policy advisors etc.), • Non-Governmental Organisations (NGOs), • Trade organisations, World Bank, World Food Programme, and Food &Agricultural Organisation
Bachelor of Science Honours degree in Forestry and Environmental Management **(BSc.FEM)** **Full Time: 4 years** **Block Release: 3 years** **Kadoma Learning Centre**	**Normal Entry** At least 5 'O' level subjects, including English Language, a Science subject and Mathematics with grade C or better and 'A' Level in TWO science subjects OR a relevant National Certificate from a recognized Institution. **Special Entry** Candidates without 'A' levels but are holders of relevant National Diplomas from recognized Institutions shall be considered.	• Graduates may pursue, among others, • Jobs in Government, • Non-Governmental Organisations, • Private Sector, and Local and International Forestry Research Institutions. Typical posts for these graduates include: • Forest Managers, • Environmental Managers, • Plantation Foresters, • Planning Foresters, Researchers, • Ecologists, Consultants, • Technicians and Entrepreneurs.
Bachelor of Science Honours Degree in Animal Health and Production Extension **(BScAHPE)** **Block Release: 3 years** **Kadoma Learning Centre**	**Normal Entry:** Have passed 5 'O' Level subjects including Mathematics, English and a Science subject with a grade C or better. Advanced Level passes in at least two subjects as follows: Category 1: Any two of the following, Biology, Agriculture, Chemistry, Physics and Food Science. **Special Entry:** Category 2: Any one of the following: Mathematics or Geography in addition to any one subject in Category 1.	Graduates from this programme can follow careers: • In Government Extension Services (as e.g. Livestock Health Officers or Livestock Production Officers) and • Outside Public Service including Research • Consultancy • Livestock breeding (Artificial insemination ET, oestrus synchronization) • Non-Governmental Organisations • Animal Health Products Suppliers

	Candidates who hold a National Diploma in Agriculture or Animal Health and Production or a related field will be considered.	• Veterinary Drug Companies (As Technical Sales Persons) specialist organizations like • Poultry Farms and Commercial Farms (as e.g. Site Managers or supervisors), Banks (as e.g. Technical Advisors to Loans • Officers) and entrepreneurship.
Bachelor of Science Honours Degree in Wildlife Ecology and Fisheries Management **(BSc.WEM)** **Full Time: 4 years** **Block Release: 3 years** **Kadoma Learning Centre**	**Normal Entry:** At least 5 'O' level passes, including English Language, a Science subject and Mathematics with grade C or better and 'A' Level passes in any two of the following subjects, Biology, Geography, Agriculture, Chemistry, Mathematics or a relevant National Certificate from a recognized institution. **Special Entry:** Candidates without 'A' levels but are holders of relevant National Diplomas from recognized Institutions shall be considered	The graduates can be employed in the Wildlife Sector. This sector includes the ministry in charge of environmental policy and management (Ministry of Environment, Water and Climate), • Quasi-Government Organisations (such as the Zimbabwe Parks and Wildlife Management Authority, Environmental Management Agency) • Non-Governmental Organisations (both national and international) that are involved in Wildlife Research and • Management • Consultancy companies involved in Wildlife Research and Management
Bachelor of Agricultural Science Honours Degree (Animal Science and Technology) **(BAgSAScT)** **Full Time: 4 years** **Block Release: 3 years** **Kadoma Learning Centre**	**Normal Entry** At least 5 'O' Level subjects including 'O' Level Mathematics, English and a Science subject with a grade C or better. Advanced 'A' Level passes in Biology or Agriculture, Animal Science plus any other Science Subject **Special Entry** Candidates without 'A' levels but are holders of relevant National Diplomas from recognized Institutions shall be considered	Graduates from this programme can follow careers in: • Government as Extension Services, • Extension officers, • Researchers, • Consultancy, Veterinary Products Suppliers, • Lecturers, • Animal Breeders, • Livestock Farmers,
Bachelor of Agricultural Science Honours Degree (Crop Science) **(BAgSCSc)** **Fulltime: 4 years** **Block Release: 3 years** **Kadoma Learning Centre**	**Normal Entry** Have passed 5 'O' Level subjects including 'O' Level Mathematics, English and a Science subject with a grade C or better. · Advanced 'A' Level passes in Biology or Agriculture plus any other Science Subject **Special Entry** National Diplomas from accredited Institutions shall be considered. Relevant Diploma in a Crop Science related	Graduates from this Programme can enter careers in; • Government Departments, • Consultancy, • Banks, • Project Management, • Non-Governmental Organizations such as Food • Agricultural Organization, • Research Institutions such as CIMMYT and ICRISAT. The programme also promotes • Entrepreneurship skills among graduates.

	field from a recognised institution will be considered.	
Bachelor of Science Honours Degree in Natural Resources Management **(BSc.NRM)** **Fulltime: 4 years** **Kadoma Learning Centre**	**Normal Entry** At least 5 'O' level passes, including English language, a Science subject and Mathematics with grade C or better. Any 2 'A' Level passes. a relevant National Certificate from a recognized Institution. **Special Entry** Candidates without 'A' levels, but are holders of relevant. National Diplomas from accredited Institutions shall be considered.	The graduates can be employed as Natural Resource • Entrepreneurs, • Environmental Advocates, • Forest and Wildlife Officers, • Researchers, • Natural Resource Planning Officers, • Conservationists, • Rural Livelihood Officers, • Environmental Consultants and • Project Monitors and Evaluators.
